TECHNICAL GUIDE NOTICE

SUBJECT: OHIO FIELD OFFICE TECHNICAL GUIDE – SECTION II.

Purpose: To transmit a notice on changes to electronic Field Office Technical Guide (eFOTG) Section II, pertaining to Highly Erodible Land (HEL)

Effective Date: Effective upon receipt.

Filing Instructions: Previous copies of HEL lists and related materials will be stapled with attached disclaimer and placed in 450 file.

SECTION II FOTG:

Frozen Highly Erodible Land (HEL) List along with their corresponding T and K values for USLE will be kept in the eFOTG, Section II in Excel Spreadsheet format.

Previous copies were stored in Section II by the following format:

→County →Soil Interpretations →N. Highly Erodible Land Interpretations →1990 HEL List.

The HEL information will still be stored at the original path (→County →Soil Interpretations →N. Highly Erodible Land Interpretations) and will contain the following documents:

- Frozen HEL List in Excel Format, with T & K values
- LS Factor Chart
- HEL calculation spreadsheet

Contact Steve Baker, State Soil Scientist, with any questions on the frozen HEL data at (614) 255- 2483 or steven.baker@oh.usda.gov or Jeff Glanville, Soil Scientist, at (614) 255-2507 or jeff.glanville@oh.usda.gov.

TERRY J. COSBY
State Conservationist

Enclosures

Superseded by HEL Map Unit List dated 2-17-2012

HEL Lists now maintained in the eFOTG, Section II
